Participation report by country

The decrease in participation for this third edition of the festival is nevertheless very encouraging for future editions of the festival. Total participation of **154,912 people in 2022** (children, parents and teachers). **146,573 children** (142,040 in school and 4,151 at home).

Participation remains mainly in France.

However, **96 countries** participated and we hope that the participation of these countries will increase in the coming years.

Note the important participation in Greece thanks to the partnership with EKOME which is also one of the sponsors of the festival.
